AI SAFETY SANDBOX · AI POLICY

Track where your politicians stand on AI

Starter · A few weeks · Free · Project idea

Online version: https://ai-safety-sandbox.vercel.app/projects/politicians-ai-stances/

Summary

Build a nonpartisan tracker of your representatives' public statements on AI: everyday harms, geopolitics and catastrophic risks.

Why it matters

Knowing who already cares, and about what, helps advocates and voters. A similar volunteer project (Politicians on AI Safety) is currently paused, so the gap is real.

What you will have at the end

A public tracker with sources for every entry.

How to start (tick each box as you go)

- [ ] **1. Define exactly the quantity you want to estimate.**
- [ ] **2. Find the data sources and note their limits.**
- [ ] **3. Do a rough back-of-envelope version first.**
- [ ] **4. Refine the input you are least sure about.**
- [ ] **5. Present one clear chart and a sentence on uncertainty.**

When you have finished

Write a few paragraphs on what you did, what you found and what you would try next, and share it with a friend, your society or online.
