Summary

The International AI Safety Report is the shared scientific picture of AI risk, written for governments. Turn one chapter into a short, local-audience summary.

Why it matters

Most people will never read a 200-page report. A sharp summary carries the evidence to students, local journalists and councillors.

What you will have at the end

A 1,000-word summary or a short slide deck.

How to start (tick each box as you go)

- [ ] **1. Pick a specific reader, such as a friend who is not into tech.**
- [ ] **2. Read 2–3 good sources and write the core idea in one sentence.**
- [ ] **3. Draft with one everyday example.**
- [ ] **4. Define every technical term, or remove it.**
- [ ] **5. Test it on a real reader, revise, and publish.**
